NEED A NEW SCHOOL

Walbridge, in the northern part of this county, may soon erect a new \$10,000 school building. Owing to the increasing number of pupils, plans are on foot for the erection of a four-room structure. The recent structure has but two rooms and is wholly inadequate. A vote on the proposition will probably be taken next month.

ONLY SEVEN SURVIVE

The death of Chris. Gundy of Tontogany leaves but seven of the original 86 men who went into the service as Co. H, 21st O. V. I., said Reuben VanTassel, when he came into the Clerk's office to have his pension voucher executed Monday.

The names of the seven are: Silas S. Daish of Washington, D. C.; Jonas Daish of Kansas City, Kas.; William Barber of Bell Plain, Ala.; Ransom Skinner of Benton Harbor, Mich.; Isaac Van Valkenberg of Perrysburg; Hiram Henderson and Reuben VanTassel of Bowling Green. They were mustered out July 25th, 1865, about 25 of the original company being left.

MAUMEE PIONEER DEAD

Mrs. Colby Was First White Woman Born in the Valley.

Mrs. Almira Colby, said to be the first white woman born in the Maumee valley, is dead, and the funeral services were held in Defiance. Mrs. Colby, as near as old residents can estimate, was about 95 years of age, and was born in the little village of Maumee.

When a young lady, Miss Almira Hull took up her residence in Defiance and a few years later was married to Dr. Colby, one of the earliest physicians of the Maumee valley. His practice extended from Toledo to Ft. Wayne, and it is said that on some days he would ride horseback 100 miles. Ague and malaria were the principal diseases of those times. In 1876 Dr. Colby died, and a few years later Mrs. Colby moved to Indianapolis, where she resided with a daughter, Mrs. Kahlo. Since that time she has only visited this city at times. She leaves a son at Birmingham, Ala., and another at Houston, Texas.

PREPARE THIS YOURSELF

For those who have any form of blood disorders; who want new, rich blood and plenty of it, try this:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take in teaspoonful doses after each meal and at bedtime. Any good pharmacy can supply the ingredients at small cost.

This is the prescription which, when made up, is called "The Vegetable Treatment;" by others, the "Cyclone Blood Purifier." It acts gently and certainly does wonders for some people who are sickly, weak and out of sorts, and is known to relieve serious, long-standing cases of rheumatism and chronic headache quickly.

Make some up and try it.

POULTRY ASSOCIATION

The Wood County Poultry association met at Bowling Green and elected these officers: President J. R. Purkey, of Bloomdale; vice presidents, J. Y. Housel and Frank North; secretary, G. B. Smith of North Baltimore; treasurer, L. S. Baker, of Weston.

KEEP THE KIDNEYS WELL

Health is Worth Saving, and Some Perrysburg People Know How to Save It.

Many Perrysburg people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is the statement of a Perrysburg citizen who has reclaimed good health by the use of this remedy:

Mrs. Caroline E. Walters, living on Cor. of Sixth and Cherry Sts., Perrysburg, Ohio, says: "My trouble which centered in my back and kidneys bothered me about a year. I had catarrh and pneumonia of the stomach and this left my kidneys in a poor condition. The pains in my back were sharp and penetrating and often would shoot up through my shoulders and the back of my neck. When these attacks came on, I could hardly rise from a chair and there was a dull, lingering pain in my back most of the time. Dizzy spells of headaches were frequent and I felt very miserable. Hearing of Doan's Kidney Pills, I was induced to try them. They acted on my kidneys promptly and gave me positive relief. My back felt as if it had never been lame and I could sleep soundly. There were no more dizzy spells of headaches and I felt like a different person. I cannot say too much in praise of Doan's Kidney Pills.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

WASHINGTON LETTER

Ohio Man for President—The Railroads—No Extra Session.

Washington, March 4—(Special)—There is little doubt in the minds of politicians here that an Ohio man will head the Republican Presidential ticket next year. It seems that none but Ohio men are being considered for the place. Secretary Taft, Senator Foraker, Congressman Longworth, and Vice President Fairbanks, who is an Ohioan by birth, all have Presidential booms of more or less magnitude. Just now the race seems to be between the Vice President and Senator Foraker, but there is no telling what the future may develop. It must be remembered that Mr. Longworth is very popular, and with the backing of his distinguished father-in-law, President Roosevelt, may succeed in landing the coveted prize. At any rate the outlook now is most promising for another Ohio man in the White House.

According to the Interstate Commerce Commission fewer complaints are being made against the railroads for violations of the law than at any time in the past twenty years. Railroad officials seem to be striving to obey the laws, both Federal and State, and to put an end to all forms of discrimination and excessive rates.

There will be no extra session of Congress to revise the tariff, Democratic prophesy to the contrary notwithstanding. President Roosevelt proposes to take his own time about sending a message to Congress on the subject. It is reasonably certain that he will not do so until he is convinced that the tariff can be revised by the friends of protection in a manner that will not be disastrous to the toiling millions of the nation.

FARMERS' INSTITUTE

The following speakers have been engaged for the Farmers' Institute at Perrysburg, March 16th:

Professor McCall of Ohio State University, will give two lectures on Soil Fertility.

Prof. A. B. Graham will speak in the forenoon on Elementary Agriculture in the Country schools, in the afternoon he will speak of the advantages of Rural Life, and in the evening will give his lecture—The Country School for the Country Child.

J. S. Brigham will speak on the subjects of Truck Farming and It's Profits, and Success on the Small Farm.

W. G. Farnsworth, of Waterville, well and favorably known as one of Ohio's best speakers in the Farmers' Institutes, will deliver several lectures—Culture and Breeding of the Corn Plant, How and When to Spray, including a full discussion of the San Jose Scale which is becoming quite a source of alarm to those interested in peach culture. He will also give an evening lecture.

All of the above are men employed by our great State of Ohio to do work in Farmers' Institutes. There is no question about it, every farmer who attends these meetings must be benefited thereby. Besides these splendid lectures there will be music, recitations, etc. Tell your neighbor about the merits of this meeting and help carry forward this most valuable work.

Worked Like a Charm.

DEATH OF C. C. GUNDY.

Ex-Commissioner Chris. C. Gundy died Saturday morning at 7 o'clock at his home in Tontogany after suffering for three weeks with paralysis. Since Friday afternoon he had been in a stupor from which he awoke slightly at intervals.

The funeral was held Monday afternoon at two o'clock at the Presbyterian church.

He leaves three sons to mourn his loss: Charles, Howard and Morton; also a step-son, Reuben Johnston, the present mayor of Tontogany. John Gundy of Tontogany, is his brother.

Mr. Gundy was born in Harrison county, Ohio, 63 years ago the 19th of last September. He came to Wood county with his widowed mother 48 years ago and helped her on a farm until the breaking out of the war, when he enlisted in Company H, 21st O. V. I., serving with honor. He was first sergeant at the close of the war and had been commissioned but not mustered as lieutenant.

He served a little more than two terms as commissioner of Wood county, having been appointed to the position about six months before the commencement of the term to which he had been elected. He was one of the commissioners at the time the court house was built. At the time of his death he was the rural mail carrier out of Tontogany, a position which he had held since the establishment of the route. He was a big hearted man, full of friendship and the milk of human kindness, ready at all times to serve his fellow man.

ODD FELLOW AND MASON

Many inquiries are made respecting the term of membership in fraternal circles of some of our older Odd Fellows and Masons, and in answer to the JOURNAL's questions William Crook says he received the degrees of Odd Fellowship in old Fort Meigs Lodge I. O. O. F., February 12, 1856, fifty-one years a member of the Order, and is the only living member of the old Lodge. He also was made a Mason in Phoenix Lodge No. 123 F. and A. M., February 13, 1857, fifty years a member of this lodge, and had the honor to serve as Worshipful Master twelve years, and is now the oldest living member.

BUYING OLD HORSES.

A large number of good looking old horses have been bought in Wood county this winter and shipped to the large cities about the country, several cars having been sent during the last ten days.

The horses in demand are those that have a well kept appearance and are good sized and shapely. The age cuts little figure with these buyers, the intimation being that the horses are sold to persons in the big cities who pay no attention to the age of a horse, simply buying from appearances. A horse that looks sleek and plump and is heavy enough to draw a good load, finds a ready market, even though among the horsemen its teeth show it to be twenty years or more old. It is just possible that these dealers in horses have a little horse hospital somewhere along the road where they rejuvenate and invigorate the old beasts and make them new and sprightly for market.
